## Biography

The International Indie Band, Stiffy, is based in Hamburg and proves that raw talent and creativity lead to world-class music. The 5 member band has a unique core sound made from a rich blend of fresh melodies with rock and electro riffs.

"Its the emotion that hits you", Says Demys (guitar, vocals), "we put that upfront and face to face with the audience."

"Our compelling melodies, inside the indie sound, really make our music original", says Skelly (vocals, keys).

Demys and Skelly met by chance in Hamburg and formed Stiffy with exceptional music talents: Artur (bass), Martin (drums) and Lukasz (guitar). It's these combined international talents that allow Stiffy to create an outstanding 'Stiffy Sound'.

The song fish tattoo, the 1st single from Stiffys newly released cd, fears4sale, is bursting with emotion and cool vibes as it tells the story of a young girl at her crossroads.

Stiffy is also an impressive live band featured in cult clubs (Kunst, Logo, Kukuun etc.) and Festivals (Harley Days, Kieler Woche, Campus of Rock etc..), becoming a favourite of event bookers in northern Germany.
